Aviation Advisor, Inc. Adds Third Citation CJ3 to Managed Charter Fleet

Aviation Advisor, a leading business aircraft operator and consulting firm today announced further expansion of its charter fleet with the addition of a 2008 Citation CJ3.

"The CJ3 fills a need within our existing fleet composition and provides clients with another superior light jet option," says Saul Thompson, President of Aviation Advisor, Inc. "The CJ3 is the perfect complement to our existing portfolio of managed aircraft." The CJ3 has seating for (7) passengers and boasts excellent short field performance.

The CJ3 joins a diverse Aviation Advisor fleet ranging in size from (4) to (10) passengers. To learn more about Aviation Advisor's approach toward service, aircraft charter/management or aviation consulting please contact Jason Shook, Vice President of Business Development at 847-395-3767 or visit their website at www.aviationadvisor.com.
